Swtor guild ship guide chart 2020 printable version

Cooldown 6 hours Endurance Supplement1Increases Endurance by 3% for 60 minutes. When the update is released in December, I will have a detailed Guide for all Guild-related changes with full information about the perks, set bonuses and more. Does not stack with Class Buff (Cooldown: 6 hours) Cleanse12Cleanses self of up to 2 negative effects. In addition, increases Efficiency and Critical chance for all professions by 2%. Reminder: Each Guild Perk can only take a specific slot, for which it is designed. These are not final and have been released earlier this week I have added these six tables to the SWTOR 5.10 Guild Leveling and Conquest Changes Explained post, but because it's quite long and has been posted a few days ago, I decided to gather just the Guild Perks tables here. Reinforcement Components are a bind-on-pickup crafting material.
