How much are amazon mystery boxes. How to get a pristine auction mystery box. Are amazon mystery boxes worth it. Does amazon have mystery boxes.

Each box will include (1) random autographed full size replica football helmet that comes with a respectable certificate of authenticity of companies such as JSA, PSA, Beckett, Steiner, as well as holograms of personal players. This particular series is limited to only (50) boxes. Each box in this football series will include a real-sized replica helmet from a current football player or former footballer, including Pro Bowlers and Hall of Famers. BBB's here to help. I was not at cheap prices (about the same price as shit. I am disgruntled with my purchase, since the item has damage. I sent 2 emails and no response. If I don't get an answer to my e-mails, I'm going down to their warehouse very soon. We are more than able to take care of your damaged item, it seems that our service team has provided options to resolve this issue. Make sure you respond to our team as you can fully solve this. Thank you for your cooperation! Type of complaint: Delivery problem/5/19/2022 won an autographed Funko Pop that should come with a certificate of authenticity (COA). I got the funk, but no coa. They keep giving me the arnold race saying they sent one by mail a purchase, the GWTs lost by mail. Twice the type of implementation: problem/the product/service/3/28/2022 ordered to

Pristine Auction signed football card for \$153.66. By primitive auction, they claim "this is a oneltem and inventory images can be used in this listing. The exact item you will be of equal quality to the photo. "The problem is what I received has a huge crease within the card and, as you can see from the image that the Pristine used to sell the cards do not reflect any creases. We are not showing that our help team It was contacted on this. Our team is more than willing to help you with what you received and do it correctly. You will receive an email soon. /2022 Order Order ***** On 2-2-2022, already do more than one man and still sent. Contact me when they hear the shipping manager, but I never hear anything back from them. Our team of Customer service seems to have provided a reimbursement yesterday to the problem. It seems that we were out of stock in this item, this can happen for Varis Razan, such as invention or listing error. This is still our error and regret to take so long to solve this. I will expect the business to perform this action and, if this happens, I will consider this complaint to resolve A REGARDS, ***** TYPE OF COMPLAINT: PROBLEMS WITH PRODUCT/SERVICE/3/10/2022 bought a ***** for \$ 1250. Your ***** decided to get 12 1/4 x 12 1/4 inch ** and wrap 2 bubble pieces around it and push it in a 12 inch box. ** arrived with 3 torn corners, ruining the value of fucking. It took ***** 3 days to contact me and 3 days later they had the ** back in their possession. I'm still waiting for my refund. First, they said they were not sure where to send my refund, they just My account with them. My account does not show that this has already happened. Another and email sent and they claimed that they withdrew the money back from my account and accredited it to the front to the card I had registered. The 5 -year -old card I have no more. Whatever happened to credit it back to the crop card that money really came. Business 101, if you are a legally business, you credit him back to the card from which he came from. All of this could have been avoided if they would train their idiots to put things in larger boxes than the item you are sending. As this happened, ***** needs some training on how to return the reimbursements to the cards that money has come. This business is a joke and its disadvantage by customers is a ridiculous. Its ***** spoiled everything and instead of doing right and taking a step towards dealing with the situation, I found out that ***** was no smarter than your *****. This has been a scam since the beginning. Incompetence from top to bottom or bottom up, depending on how you look at her. I would like to receive my money back, because they are ** back in a weeks !! Our policy is always to reimburse the full payment for purchase. We confirm with our accounting department that this was reimbursed for a full payment, consult your financial institution if you have not received the funds. ***** and found that this resolution would be satisfying for me. I will expect the business to perform this action and, if I do, I will consider this complaint resolved regards, ***** type of complaining the items were sent through the Chi f e. When a card is tried by charging, but the bank decreases payment, bank institutes can keep funds temporarily while it establishes. This does not have nothing to do with us and the funds must be disclosed in 48 hours, if there is a concern, our team advises our customers to contact the bank for more information. There was an auction won on 1/22- but the payment was not received within 7 days. Craco ***** An old letter was self -crowded again (holding backgrounds At the end of the bank), but there was no boundary. There was a payment of payment problems, but we were not contacted later. We cover the refunding rate as a courtesy, but this is not the first time that it replenishes fees or vain charges by cards due to no payment have been incurred. We strongly advise the update/removal of any inactive payment to avoid this in the future. : Problems with Product/Service/02/03/2022 bought two shirts ***** at an auction. When I received the shirts. They were not self -tanned shirts. The shirts definitely are not what the team logo is. I contested the charges in my card of crt and now the primitive auction is threatening to send me to collections. I told the shirts back. And they are impossible to reach, as they do not have a phone number with peop to talk. We understand its frustration, however, we clarify whether a shirt is self -tanned or personalized in the description of all auctions to ensure it is clear before any bids being placed. Personalized Jerseys are often used in the self -hobby because it maintains accessible things. The two shirts in question are not self -tangible shirts. We are more than willing to work a solution for you about it. We received no communication before the dispute stating that there was a problem with your purchase.
